Co-funded by
the European Union

Co-funded by the European Union (Grant Agreement No. 101056918). Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or EU4Health. Neither the European Union nor the granting authority can be held responsible for them.

1

Über das Projekt

- EU-CAYAS-NET ist ein von Patient-Advocates geleitetes, EU-gefördertes Projekt, mit dem Ziel, das European Youth Cancer Survivors Network zu etablieren, eine der Flaggschiff-Initiativen im Europäischen Krebsplan.
- EU-CAYAS-NET vereint führende Organisationen und Institutionen im Bereich der Kinder- und Jungen Erwachsenen Onkologie aus 18 Europäischen Ländern.
- Existierende Ressourcen werden zusammengetragen, um basierend darauf neue Guidelines, Empfehlungen, Positionspapiere und Toolkits zu entwickeln, damit Survivors national und international damit für ihre Rechte eintreten und gesundheitspolitische Änderungen anstoßen können.

5 beatcancer.eu – Network Platform

The screenshot shows the homepage of the European Network of Youth Cancer Survivors. At the top left is the logo with a yellow ribbon and the text "European Network of YOUTH CANCER SURVIVORS". The navigation menu includes "Resources", "Events", "Community", "About us", "Peer support", a language selector "EN", and a search icon. The main heading reads "United we #beatcancer". Below it is a paragraph: "This is a safe place to share, learn and grow. We welcome all cancer patients, survivors and their carers. Here all the opinions matter and your issues deserve to be addressed." Two buttons are present: "I Want to Learn" and "I Want to Share". The background features an illustration of hands holding a smartphone, with icons for a lightbulb, an open book, and a heart, and a circular badge that says "GET INVOLVED".

This graphic promotes joining the platform. It features the "European Network of YOUTH CANCER SURVIVORS" logo at the top left. The main text says "Join our Platform!". Below this is a paragraph: "We welcome all cancer patients, survivors and their carers. Here all the opinions matter, because your issues deserve to be addressed. If you are a health care professional, researcher, policymaker or otherwise related to youth cancer, we're happy if you join us!". A QR code is shown with an arrow pointing to it from the text. To the right, there is an illustration of hands holding a smartphone, with a blue speech bubble saying "Join us!" and yellow lightning bolts. At the bottom left, there is a small European Union funding disclaimer.

This graphic contains the text "United we #beatcancer" and a yellow button with the website address "www.beatcancer.eu".

6 Learnings aus der Antragsphase

- **Patient Involvement**

Definieren des Projekts gemeinsam mit Patient:innen Organisationen

- **Konsortium Set-Up**

Breite Erfahrung, breite Involviertheit -> erleichtert Querverbindungen zu laufenden Projekten

- **Kompakt** und:

Weniger ist mehr
-> Dein Zukunfts-Ich wird es dir danken!

- **Unbezahlbar:** Projekt Management Support

- **Specific Action Level Indicators, Zielgrößen usw.:**

Stimmen Angaben zu Zielgrößen überall überein?

- **Achtung:**

Funding Rate – Special Utility gegeben?

- **Nix für schwache Nerven:**

Die EU4Health Budget-Tabelle

- **Reiseplanung:**

Unit Costs

7 Selected Evaluation Results

The proposal is clearly aligned with the themes and priorities of the Call. The overall objectives are well defined, relevant and well structured. Multiple EU partners are involved, with several partners representing European - wide organizations with wide reach in terms of patients and activities. This provides the proposal with a strong EU dimension. There is clear potential also for non-EU patients/care providers to access the proposed platform and other envisaged results.

The Consortium is very strong and offers relevant expertise in a wide range of disciplines. It includes several very large umbrella organizations for parents, patients, and survivors, several national stakeholders, paediatric oncology centers and one university, which result in an important combination of complementarities and geographical coverage.

The proposal offers good potential for wide dissemination of results, especially as this is envisaged to be propelled by the AYAs involved in the proposal. However, the proposal does not include a fully developed dissemination strategy. The tasks within WP6 specify that a number of "highly visible public events" will be organized, yet limited quantifiable indicators with specific targets are provided for these events.

The issue of sustainability is discussed in general in the proposal, but the sustainability plan is not fully developed.

8 Sustainability

Gewisse Eckpunkte im Antrag mitdenken

- Projekt Outcomes so gestalten, dass sie möglichst breit für die Patient:innen-Zielgruppe zugänglich sein werden
- Gibt es andere Projekte mit ähnlichen Zielen? Synergien möglich?

Kostengünstige Tools

- Wartungsaufwand?
- Z. B.- EU-CAYAS-NET Platform: Interactive Hub via integriertem Discord

Open Access Publikationen, Lay-Summaries, Nutzung von Multi-Media Tools

- Position Papers, Versorgungsstandards
- Webinars
- Educational Videos
- Train-the-Trainer Programme: Multiplikator:innen

Nationale Implementierung mitdenken

- Zusammenarbeit HCPs & Patient Organisations
- Toolkits, Policy Recommendations
- Netzwerkarbeit: Assoziierte Partner laufend miteinbinden

Danke!
